## FAQ's

- 1. Can I provide the alcohol for you to serve?**  
- No. Smith's Central Events holds an Event Liquor License and is required, by law, to get our alcohol from distribution companies. The venue is prohibited from using alcohol provided by clients.
- 2. I have a friend/family member/etc. who makes their own special alcohol. Can we bring it?**  
- No. Again, all outside, personal and 3rd party alcohol is strictly prohibited at Smith's Central Events. We'd love for you to consider using this person's alcohol at your rehearsal dinner, welcome party or after party off premises.
- 3. Can I add a Signature Drink(s) to my package if it is not included in the above lists?**  
- Yes! You can add up to two Signature Drinks to any package listed above for \$350. If you choose the Premium Drink Package, it is already included.
- 4. Can I customize the brand or type of wine, beer or liquor my package comes with?**  
- All alcohol selections must be chosen from the list provided by Smith's Central Events. We are not able to accept custom alcohol requests in order to keep our per person costs low. You may customize your "Signature Drink" style but it has to include an alcohol + mixer that is on Smith's Central Events' list.
- 5. Someone I know owns a bar/liquor store/brewery/insert alcohol place here. Can they supply my alcohol?**  
- That's awesome! They cannot provide any alcohol for your wedding or event. All alcohol and service must come from Smith's Central Events.
- 6. Can we do a partial hosted bar and a partial cash bar?**  
- We do allow "Hybrid Bar Service" as an a la carte to any Beverage Package.

7. **I'm renting glassware for my wedding; can the bartenders use what I rent instead of the provided plasticware?**  
- Of course! We're happy to use your rented glassware at the bar. If we run out of clean glassware, we'll transition to our plasticware.
8. **Can we take shots at the bar? What about the wedding party?**  
- Short answer is yes. Please be advised that our bar staff will use their discretion if there needs to be a cut off of service to one or all individuals depending on consumption behavior.
