Smith's Central Events is the sole beverage service provider at the venue. Outside alcohol, personal alcohol, and 3rd party bartending services are not permitted anywhere on our property. Any violations of this policy will result in a breach of contract in addition to fines and/or immediate termination of event.

All prices, packages and details below are subject to change at any time based on supply availability and cost of goods.

A BARTENDER CHARGE OF \$125.00 PER BARTENDER FOR EVERY 75 GUESTS WILL APPLY TO ANY PACKAGE OR OPTION OTHER THAN CLASSIC OR SIGNATURE.

**All wine, beer and liquor choices are subject to change or substitution at the availability and discretion of Smith's Central Events based on availability at the time of ordering.

YOU HAVE QUESTIONS? WE'VE GOT ANSWERS!

Can I provide the alcohol for you to serve?

- No. Smith's Central Events holds an Event Liquor License and is required, by law, to get our alcohol from distribution companies. The venue is prohibited from using alcohol provided by clients.

I have a friend/family member etc. who makes/brews their own special alcohol. Can we bring it?

- No. All outside, personal and 3rd party alcohol is strictly prohibited at Smith's Central Events. We'd love for you to consider using this person's alcohol at your rehearsal dinner, welcome party or after party off premises.

Can I add a Signature Drink(s) to my package if it is not included in the above lists?

- Yes! For an additional charge you can add two Signature Drinks to any package. Pricing and Availability Applies.

Can I customize the brand or type of wine, beer or liquor my package comes with?

- No, all alcohol selections must be chosen from the list provided by Smith's Central Events. We are not able to accept custom alcohol requests in order to keep our per person costs where they are. You may customize your "Signature Drink" style but it has to include an alcohol + mixer that is on Smith's Central Events' list.

Can we take shots at the bar? What about the wedding party?

- Shots, Neat, or Rocks is prohibited at Smith's Central. A "celebratory" shot can be organized on a case-by-case basis if requested. This policy is in place to protect the integrity of your event with us.

When does the bar close?

- For Weddings, the bar must close 30 minutes prior to event end. For Non-Wedding Events, the bar must close 15 minutes prior to event end time. "Last Call" will be called out 15 minutes prior to close. At and after last call, guests can only order one beverage at a time and cannot request beverages "to go" as this violates our liquor license.
